

In-School Residencies & Programs

Golden Isles Arts & Humanities offers **free programs and residencies** for Glynn County Schools! These are programs that can come to your school be it for a single class or for the entire week. In the past we have brought in artists to participate in school arts festivals, create murals in the hallways and much more.

Want an arts program for your students but you're not sure what?

The Arts-in-Education Program can bring professional artists of all disciplines into your school to conduct workshops, demonstrations or performances. For example:

- **Imagine an upbeat storyteller who reflects the story-dance-musical storytelling drama found in many parts of Africa and from around the World.** <http://jmiahnabawi.com/>
- **Interactive** programs that enhance school curriculum through different styles of puppetry and original music. <https://piccadillypuppets.org/>
- **Spoken word/performance poetry.** This is a way to introduce the art of both text and performance poetry. Students will take part in writing exercises, have the opportunity to listen to, as well as view, spoken word/performance poetry and eventually will be able to perform an original piece. <https://gaarts.org/teaching-artists-registry/marquice-l-williams/>

If you have a general idea, but would like us to do some research and make suggestions, simply fill out the Arts-in-Education Application and send it to artsed@goldenislesarts.org. The application is available to download in the Educational section of our website goldenislesarts.org.

Remember, these are free and available first come, first served and at no cost to your school

We can bring in teaching artists that focus on arts disciplines and core content curriculum areas:

- Music
- Theatre
- Drama
- Social Studies/American History
- STEAM
- Literacy
- Creative Writing
- Visual Arts/Crafts
- Character Education
- World Cultures
